The BAS Construction Management program is committed to developing the technical, leadership and project management skills essential to succeed in the construction industry. We try our best to schedule classes to minimize disruption to students' work commitments. We ask that employers be flexible and supportive of their employees' educational goals by accommodating their class schedules and giving them adequate time to complete their coursework. By accommodating their academic schedules and recognizing the value of this educational investment, you are not only contributing to our students' success, but also helping to cultivate a highly skilled and knowledgeable future workforce. Thank you for your continued support of our program and students!
