However, a transcript may be required to demonstrate college readiness, or to confirm academic information, e.g., test scores, grade classification, vaccination, or other pertinent information.

B. Student Expectations, Rights, and Responsibilities

- 1) Students enrolled in dual credit courses are considered to be college students and are subject to all Collin College policies and procedures. Dual credit students must comply with standards of conduct required of all Collin College students and have all the same rights and responsibilities in all matters related to the dual credit program. Dual credit students must also follow TVAH's Student Code of Conduct.
- 2) Unless a conflict arises between the obligations of TVAH and Collin College under their respective policies and procedures for student conduct, TVAH and Collin College staff and administrators will work collaboratively to determine the appropriate party to initiate an investigation or resolution process in response to the alleged student conduct violation(s). In the event a conflict arises, regarding the initiation of such investigation or resolution efforts, the parties agree to use the Conflict Resolution efforts listed in Section IV, O on "[Conflict Resolution](#)".

The Parties agree neither Party is prohibited from utilizing its own complaint resolution process, separate and apart from the other Party's process, but both Parties shall cooperate with each other to provide the necessary information and access to students and employees necessary to fulfill each Parties' obligations under its own specific policies and procedures.

- 3) TVAH and Collin College agree to inform the other as soon as reasonably possible (within two business days or sooner) if a dual credit student is subject to disciplinary action that may affect his or her enrollment status as a dual credit student.
- 4) Regardless of the location of the conduct, if TVAH's Code of Conduct and disciplinary process could result in removal of the student from the regular education program due to suspension, placement in a disciplinary alternative education program, or expulsion/removal to a Juvenile Justice Alternative Education Program, TVAH shall notify Collin College of any disciplinary action in response to the alleged student behavior. Collin College may determine if there are any potential consequences under applicable Collin

College policies or procedures that could also result in the student's removal from enrollment of the student in a dual credit class(es). In addition, per the Collin College Student Code of Conduct, Collin College has the right to immediately remove a student from its premises via the interim suspension process, upon notification and a determination by the Dean of Students. Collin College will notify TVAH of any discipline that will be imposed due to Collin College procedures.

C. Faculty Selection, Supervision, and Evaluation

- 1) All Collin College faculty will meet the minimum requirements to teach courses as specified by SACSCOC. - 2) Collin College faculty who teach dual credit courses will be required to meet the same standards, reviews, and approval procedures used by Collin College to select all Collin College faculty. Official transcripts of all faculty must be kept on file at Collin College.

conduct towards students, unless it conflicts with Collin College's Employee Standards of Conduct. If a conflict arises, the Parties agree to use the conflict resolution procedures found in Section IV, O on "[Conflict Resolution](#)".

5) All availability of courses structured under dual credit is contingent upon the availability of Collin College faculty.

D. Location and Student Composition of Class

1) Dual credit courses may be taught on one of the Collin College campuses or at an agreed upon and approved location. Dual credit courses need a minimum of 15 students enrolled to be offered regardless of location. Workforce/CTE classes may have exceptions to this minimum as they are limited by space and teacher-to-student ratios for safety. All course minimums and maximums are subject to review by Collin College's Academic Deans.

2) Courses will be comprised of dual credit high school students only or of dual credit high school students and college credit students if offered a Collin College campus. High school students will not be allowed to concurrently enroll in college courses for high school credit only. During Maymester and Wintermester terms, dual/concurrent credit students may enroll in one course with TVAH approval.

E. Academic Policies and Student Support Services

1) Dual credit courses will follow the Collin College academic calendar.

2) High school dual credit and concurrent enrollment students will have access to all Collin College academic and student support services including, but not limited to: libraries, electronic library resources, writing centers, tutorial services, assessment, admissions, student engagement activities, and academic advisement. Some services are available only on a Collin College campus.

3) Per the Texas Education Code, all dual credit students receive academic and/or college readiness advising as referenced in Appendix A: "[Statewide Goals for Dual Credit](#)". Per the Texas Education Code, TVAH designates the high school campus counselor as responsible for academic advising to students in the dual credit program.

4) High school dual/concurrent credit students agree to abide by all Collin College policies and procedures as outlined in the current Collin College Student Handbook.

a) Disability Services and Accommodations

1) Students with disabilities who need accommodations must apply for disability services through Collin College's Accommodations at Collin College for Equal Support

Services (ACCESS) Department, provide current documentation, and be determined eligible for accommodations at Collin College. The accommodations process is not automatic and may take time to complete. Accommodations available for high school classes may be different, modified, or not available for college-level courses.

If determined eligible for academic accommodations at Collin College, students must request accommodations each semester through Collin College's ACCESS Department. The dual credit course location will determine who provides the academic accommodation needs by Collin College's ACCESS Department. Dual credit course accommodations offered on the high school campus are provided by high school personnel. Dual credit course accommodations offered on a Collin College campus will be provided by Collin College personnel. The Parties will designate each other as school officials with a legitimate educational interest under FERPA as provided in Section IV.G. "[Confidentiality of Data](#)" so that information regarding accommodations may be shared.

F. Eligible Courses

- 1) All courses offered for dual credit will be identified as college level academic courses in the current edition of the Lower-Division Academic Course Guide Manual or as a college technical course in an Associate of Applied Science (AAS) degree or certificate program. Collin College does not offer kinesiology (KINE) or developmental education courses for dual credit.
- 2) A course equivalency crosswalk that identifies the number of credits that may be earned for each course completed through the dual credit program in [Appendix B](#) has been approved for the 2023-2026 academic years. Programs listed in [Appendix C](#) have been approved for the 2023-2026 academic years.

Additional courses may be added with approval from TVAH and Collin College. An addendum will be created if three or more additional courses are requested by TVAH in writing. An addendum for additional courses can be approved and added to this agreement by authorized TVAH and Collin College representatives.

G. Course Curriculum, Instruction, and Grading

- 1) Collin College will ensure that a dual credit course and the corresponding course offered at the main campus of Collin College are equivalent with respect to the curriculum, materials, instruction, and method/rigor of student evaluation. These standards will be upheld regardless of the student composition of the class. Dual credit courses will take additional considerations regarding content appropriateness for students under 18 years of age.

2) Students will be expected to meet all requirements of the dual and concurrent credit class(es) and will receive letter grades on their Collin College transcript. Collin College faculty will provide numeric grades at the end of the semester to be weighted or factored into the student's high school grade point average as determined by TVAH. Mid-term grades will be provided upon request. Collin College will provide grades to TVAH in a timely manner at the mutually agreed upon intervals.

3) Faculty members teaching dual credit courses may alert both the Collin College liaison and the designated high school counselor of any students having academic difficulty. They may also utilize Collin College's Early Alert Referral System (EARS) for this purpose.

4) Faculty are conscious of FERPA guidelines when communicating with students about grades. Grade information is never provided over the phone or via text or non-college email. Currently, grades of A, B, C, D, F, and I are awarded by faculty to each student on their college transcript. Grades of "I" are only temporary and must be resolved by the end of the next long semester. Numeric grades are also provided to TVAH. If a student withdraws from a course, a "W" will appear on the student's college transcript.

5) The Grade Appeals Process is available online:
collin.edu/studentresources/support/gradeappeal

H. Transcription of Credit

1) High school and college credit will be added to the student's transcripts immediately by TVAH and Collin College upon the student's completion of the dual credit course.

I. Funding

1) State funding for dual credit courses will be available to both TVAH and Collin College as indicated by the Commissioner of Education and Commissioner of Higher Education.

2) Tuition and fees will be collected from the high school student unless TVAH is covering the student's charges through third party billing. If TVAH participates in third party billing, TVAH agrees to abide by the policies set forth by the Bursar's Office. All dual credit students are responsible for purchasing their own textbooks and other required course materials unless otherwise purchased on their behalf.

IV. GENERAL OBLIGATIONS OF THE PARTIES

A. Recognition of Higher Education Partner, Promotion, Marketing, and Advertising

1) When reporting and publicizing high school students' completion of dual credit courses, degrees, or certificates, TVAH will recognize Collin College as their higher education partner awarding college credit. APPENDIX A: Statewide Goals for Dual Credit

Texas Education Code, Section 28.009 (b-1) and (b-2), requires the THECB and the TEA to collaboratively develop statewide goals for dual credit programs in Texas. These goals provide guidance to institutions of higher education and independent school districts on components that must be in place to ensure quality dual credit programs are provided to Texas high school students. These statewide goals address enrollment in and acceleration through postsecondary education, performance in college-level coursework, and strong academic advising.

Goal 1: *ISDs and IHEs will implement purposeful and collaborative outreach efforts to inform all students and parents of the benefits and costs of dual credit, including enrollment and fee policies.*

Collin College's dual credit website is regularly updated with enrollment guidelines, policies, and program details including:

- ISD registration and payment deadlines
- information session schedules
- FAQs
- forms

Collin College provides dual credit information sessions each spring at all partnering high schools to potential students, parents, and school counselors before students enroll into dual credit classes for fall.

On an annual basis, Collin College provides two dual credit update sessions to all partnering high school counselors. These include updates on dual credit procedures, testing, ACCESS (student accommodations), as well as shared best practices from school districts. Collin College offers a yearly conference for all local high school counselors. Keynote speakers and breakout sessions are provided on relevant topics and current issues.

ISD counselors at each high school will collaborate with Collin College dual credit staff to schedule dual credit information sessions to prospective students and parents each year.

Collin College also uses marketing materials to help inform students and parents regarding the benefits of dual credit.

Goal 2: *Dual credit programs will assist high school students in the successful transition to and acceleration through postsecondary education.*

All dual credit students receive academic and/or college readiness advising provided by Special Admissions Coordinators. High school dual credit students have access to all college academic and career counseling services. Collin College will share available data related to Collin College enrollment and persistence after high school graduation with ISD administration.

Goal 3: *To bridge them successfully into college course completion, all dual credit students will receive academic and college readiness advising and will have access to student support services.*

All dual credit students receive academic and/or college readiness advising provided by Special Admissions Coordinators (SACs). High school dual credit students have access to all college academic and student support services including, but not limited to, libraries, electronic library resources, writing centers, tutorial services, academic accommodations, assessment, admissions, and academic advisement. Collin College also partners with local ISDs to develop and provide courses in college preparatory mathematics and English language arts to prepare students for success in entry-level college courses without the need for remedial or developmental coursework.

Goal 4: *Dual credit students' performance will meet or exceed the level of quality and rigor on subsequent courses.*

Collin College ensures that a dual credit course and the corresponding course offered at the main campus of Collin College are equivalent with respect to the curriculum, materials, instruction, and method/rigor of student evaluation. These standards are upheld regardless of the student composition of the class.

Collin College faculty teaching dual credit courses are required to meet the same standards, reviews, and approval procedures used by Collin College. Faculty attend professional development opportunities provided by Collin College throughout the year.
