

**Low-Enrollment
Certificate Program
Review**

Degrees and certificates to be awarded by the College District are subject to Board approval. The degrees and certificates offered by the College District as developed by faculty, and the associated recommended course sequences approved by the College District administration will be described in the College District catalog and on the College District website

The District President or designee will maintain procedures for reviewing certificate programs with low enrollment that may require consolidation or elimination.

The criteria for review must require that certificate programs have specific industry data to substantiate workforce demand to avoid consideration for consolidation or elimination.

The District President or designee will conduct a review once every five years.

The Board will approve or deny any decision made by the District President to consolidate or eliminate a certificate program, as a result of the periodic review.
