

Syllabus Verbiage

Collin College's SOBI Care Team is an interdisciplinary, district-wide team whose mission is to respond to distressed and threatening behavior in order to thwart and redirect behavior that might otherwise undermine instruction and negatively impact student learning. The SOBI Care Team serves as a central network focused on preventive and timely intervention before a crisis arises. The SOBI Care Team has designed a process that reflects the best practices for referring, assessing, responding to, and assisting students who may display various levels of concerning behaviors. The SOBI Care Team is a resource for Collin College faculty, staff, and students through which they can report student behaviors of concern. Any behavior that becomes a concern to you or that negatively affects your ability to succeed as a student at Collin College may be referred to the SOBI Care Team. Please note that the SOBI Care Team is not a disciplinary committee, and the SOBI Care Team's actions are not a substitute for Collin College's student disciplinary process. If the SOBI Care Team determines there has been an alleged violation(s) of the [Student Code of Conduct](#), the referral will be submitted to the District Dean of Students Office for disciplinary action. For more information on the SOBI Care Team, click [here](#). If you are concerned about a student, click [here](#) to submit a SOBI Care Team Referral.
