Hazing

For the purposes of the [Stop Campus Hazing Act](#) and [Jeanne Clery Campus Safety Act \(Clery Act\)](#) crime reporting, the term “hazing” means any intentional, knowing, or reckless act committed by a person (whether individually or in concert with other persons) against another person or persons regardless of the willingness of such other person or persons to participate that:

1. Is committed in the course of an initiation into, an affiliation with, or the maintenance of membership in, a student organization; and
2. Causes or creates a risk, above the reasonable risk encountered in the course of participation in the institution of higher education or the organization (such as the physical preparation necessary for participation in an athletic team), of physical or psychological injury including:
 - a. Whipping, beating, striking, electronic shocking, or placing of a harmful substance on someone’s body, or similar activity;
 - b. Causing, coercing, or otherwise inducing sleep deprivation, exposure to the elements, confinement in a small space, extreme calisthenics, or other similar activity;
 - c. Causing, coercing, or otherwise inducing another person to consume food, liquid, alcohol, drugs, or other substances;
 - d. Causing, coercing, or otherwise inducing another person to perform sexual acts;
 - e. Any activity that places another person in reasonable fear of bodily harm through the use of threatening words or conduct;

Student Organization

For the purposes of the [Stop Campus Hazing Act](#) and [Clery Act](#) crime reporting, the term “student organization” means an organization at an institution of higher education (such as a club, society, association, varsity or junior varsity athletic team, club sports team, fraternity, sorority, band, or student government) in which two (2) or more of the members are students enrolled at the institution of higher education, whether or not the organization is established or recognized by the institution.

Inclusion of Hazing Information in Annual Security Report

The [Stop Campus Hazing Act](#) amended the [Clery Act](#) to require that beginning on January 1, 2025, institutions of higher education collect statistics on hazing incidents that fall within the institution's Clery Act geography and are reported to a campus security authority (CSA) or local law enforcement agency. These hazing incidents must be included in the annual crime statistics reported in the institution's Annual Security Report (ASR).

In addition, institutions of higher education must include in the ASR a statement of current policies relating to hazing (as defined by the institution); how to report incidents of hazing; the process used to investigate incidents of hazing; and information on applicable local, state, and tribal laws regarding hazing. Institutions of higher education must also include in the ASR a statement of policy regarding prevention and awareness programs relating to hazing (as defined by the institution) that includes a description of research-informed campus-wide prevention programs designed to reach students, faculty, and staff. These campus-wide prevention programs must include information on:

1. The institution's current policies relating to hazing (as defined by the institution);
2. How to report incidents of hazing;
3. The process used to investigate incidents of hazing;
4. Information on applicable local, state, and tribal laws regarding hazing; and
5. Primary prevention strategies intended to stop hazing before it occurs, which may include skill building for bystander intervention, information about ethical leadership, and the promotion of strategies for building group cohesion without hazing.

To view Collin College's current ASR, go to the [Annual Security and Fire Safety Reports webpage](#).

Campus Hazing Transparency Report

Collin College will develop a Campus Hazing Transparency Report that will summarize the findings concerning any student organization established or recognized by Collin College that is found to be in violation of Collin College's standards of conduct relating to hazing. The Campus Hazing Transparency Report will be made available on the [Hazing webpage](#) and will be updated not less than two (2) times each year.

The Campus Hazing Transparency Report will contain information regarding each incident involving a student organization for which a finding of responsibility is issued relating to a hazing violation, including, but not limited to:

1. The name of the student organization;
2. A general description of the violation that resulted in a finding of responsibility, including whether the violation involved the abuse or illegal use of alcohol or drugs, the findings of Collin College, and any sanction(s) placed on the student organization by Collin College, as applicable; and
3. The dates on which:
 - a. The incident was alleged to have occurred;
 - b. The investigation into the incident was initiated;
 - c. The investigation ended with a finding that a hazing violation occurred; and
 - d. Collin College provided notice to the student organization that the incident resulted in a hazing violation.

The Campus Hazing Transparency Report may include information which is part of another hazing report published by Collin College that meets the requirements of the Campus Hazing Transparency Report, and any additional information determined by Collin College to be necessary or that is required to be reported by Texas state law.

The Campus Hazing Transparency Report will not include any personally identifiable information, including any information that would reveal personally identifiable information, about any individual student in accordance with the [Family Educational Rights and Privacy Act of 1974 \(FERPA\)](#).

Collin College will publish the Campus Hazing Transparency Report prominently on the institution's [Hazing webpage](#), including:

1. A statement notifying the public of the annual availability of statistics on hazing pursuant to the Annual Security Report (ASR) required by the [Clery Act](#), including a link to the ASR;
2. Information about Collin College's policies relating to hazing and applicable local, state, and tribal laws on hazing; and
3. The information included in each update of the Campus Hazing Transparency Report, which will be maintained for a period of five (5) calendar years from the date of publication of such update.

Collin College may include, as part of the publication of the Campus Hazing Transparency Report, a description of the purposes of, and differences between the ASR and the Campus Hazing Transparency Report.

Collin College is not required to develop the Campus Hazing Transparency Report until Collin College has a finding of a hazing violation. In addition, Collin College is not required to update the Campus Hazing Transparency Report if Collin College does not have a finding of a hazing violation for the period of time that would be covered by the update.
