

Definitions of Consent to Sexual Activity

Collin College's Definition

For purposes of this policy, sexual activity requires consent, which is defined as an informed, voluntary, affirmative, and mutual agreement between the participants to engage in a specific sexual act. The following guidelines will be used to determine whether consent was obtained when investigating a complaint of sexual assault against a Collin College student or employee:

1. Consent to sexual activity can be communicated in a variety of ways, but one should not presume consent has been given in the absence of a clear, positive agreement.
2. Consent can only be accurately gauged through direct communication about the decision to engage in sexual activity. The absence of the word "no" or the like (e.g., "stop") does not imply consent.
3. Although consent can be non-verbal, verbal communication is the most reliable form of asking for and obtaining consent. Discussing desires, needs, and limitations with sexual partners provides a basis for positive sexual experiences shaped by mutual willingness and respect.
4. Presumptions based upon contextual factors (e.g., provocative clothing or dancing) are unwarranted and should not be considered grounds for consent.
5. As defined in the [State of Texas Penal Code §22.011 Sexual Assault](#), the age of sexual consent is 17. Therefore, consent cannot be obtained from someone who is under the age of 17, as that person is legally considered to be a minor.
6. Consent cannot be obtained from someone who is asleep, unconscious, or otherwise mentally or physically incapacitated, whether due to alcohol, drugs, or some other condition (e.g., an intellectual or other disability). A person is mentally or physically incapacitated when that person lacks the ability to make or act on considered decisions to engage in sexual activity. Engaging in sexual activity with a person whom you know – or reasonably should know – to be incapacitated constitutes sexual assault.
7. Consent to some sexual acts does not constitute consent to other sexual acts.
8. Consent must be ongoing throughout a sexual encounter and can be revoked at any time. If you proceed despite your partner's verbal and/or non-verbal communication to stop, you have committed sexual assault.
9. Consent cannot be obtained by threat, coercion, or force. Agreement under such circumstances does not constitute consent.
10. A prior sexual encounter or pre-existing relationship does not indicate consent to current or future sexual activity.
