

PREGNANT AND PARENTING STUDENTS' RIGHTS AND RESOURCES

Collin College strives to maintain a healthy and safe environment where all members of its campus community are treated with dignity and respect.

Collin College is committed to compliance with [Title IX of the Education Amendments of 1972 \(Title IX\)](#) and Texas state laws which protect pregnant and parenting students' rights and prohibit discrimination against a student based on pregnancy, pregnancy-related conditions, and/or parenting status.

What Are My Rights?

Students who are pregnant, experiencing a pregnancy-related condition(s), and/or parenting have the right to:

1. Early registration.
2. Modifications due to pregnancy and/or a pregnancy-related condition(s).
3. Not be told to drop out or change their educational plans.
4. Not be harassed due to their pregnancy, pregnancy-related condition(s), and/or parenting status.

Who Is Collin College's Liaison Officer for Pregnant and Parenting Students?

The following person is designated as Collin College's liaison officer for pregnant and parenting students:

Liaison Officer for Pregnant and Parenting Students

Amy Throop

Associate Dean Title IX Compliance

Deputy Title IX Coordinator for Students

Technical Campus

2550 Bending Branch Way

Suite A004/A006

Allen, Texas 75013

Phone: 972.599.3126

Email: athroop@collin.edu

How Can I Register Early?

Students who are pregnant and/or parenting (i.e., the parent or legal guardian of a child under 18 years of age) are eligible to register on the **first day** of priority registration. To opt into early registration, these students will need to submit the [Pregnant and Parenting Students Request for Early Registration Form](#). For specific information on registration dates and requirements, see Collin College's [Registration](#) webpage.

What Should I Do If I Need to Miss Classes?

Any absences related to pregnancy and/or a pregnancy-related condition(s) **must** be considered medically necessary and excused. Students who think they will need to take an excused absence(s) due to their pregnancy and/or pregnancy-related condition(s) should complete and submit the [Pregnancy and Pregnancy-Related Conditions Modifications Application Form](#).

Collin College will excuse absences related to a student's pregnancy and/or a pregnancy-related condition(s), including, but not limited to, childbirth, without a doctor's certification that such absence is necessary for three (3) class days. Students who need to take an excused absence related to pregnancy and/or a pregnancy-related condition(s), including, but not limited to, childbirth, for **longer** than three (3) class days will be required to provide an appropriate healthcare provider's certification to obtain these excused absences.

Students who are pregnant and/or experiencing a pregnancy-related condition(s) are responsible for following the professor's syllabus

policies, including, but not limited to, those regarding absences due to issues that are not related to the student's pregnancy and/or pregnancy-related condition(s).

Intermittent absences due to a student's parenting status are not covered under federal and state laws. These absences will need to be addressed by each professor in accordance with the attendance/absence policy stated in their course syllabus.

How Do I Request Modifications Due to Pregnancy and/or a Pregnancy-Related Condition(s)?

The Title IX Office works with students who are pregnant and/or experiencing a pregnancy-related condition(s) to provide reasonable modifications on a case-by-case basis. Students who need to request reasonable modifications due to pregnancy and/or experiencing a pregnancy-related condition(s) should complete and submit the [Pregnancy and Pregnancy-Related Conditions Modifications Application Form](#).

How Do I Request an Extended Leave of Absence?

Students who are pregnant, experiencing a pregnancy-related condition(s), and/or parenting may voluntarily request to take an extended leave of absence from a Collin College education program or activity.

Under [Title IX](#) federal law, an extended leave of absence due to pregnancy and/or experiencing a pregnancy-related condition(s) may be taken for, **at minimum, the period of time deemed medically necessary by the student's licensed healthcare provider**. To the extent that a student qualifies for leave under the Texas state law requirements listed below, Collin College must permit the student to take voluntary leave under that policy instead, if the student so chooses.

In accordance with the [Texas Education Code Section 51.982](#), Collin College will permit, but not require, a student who is pregnant, experiencing a pregnancy-related condition(s) and/or parenting to take a leave of absence related to their pregnancy, pregnancy-related condition(s), and/or parenting status for **a minimum of one (1) semester** without a showing of medical need.

The Title IX Office works with students who are pregnant, experiencing a pregnancy-related condition(s), and/or parenting to process extended leave of absence requests, in consultation with the appropriate program director, associate academic/workforce dean, and/or academic/workforce dean. Students who are pregnant, experiencing a pregnancy-related condition(s), and/or parenting and need to request an extended leave of absence should complete and submit the [Pregnant and Parenting Students Extended Leave of Absence Request Form](#).

Collin College encourages students to meet with the Financial Aid Office and/or the Collin College Foundation (i.e., scholarship office) before the student takes an extended leave of absence. Students can contact the Financial Aid Office at 972.881.5760 or FinancialAid@collin.edu and/or the Collin College Foundation at 972.599.3145 or foundation@collin.edu to schedule a meeting with the appropriate staff member(s).

Important Definitions

Experiencing a Pregnancy-Related Condition(s): A pregnant person is considered to be “experiencing a pregnancy-related condition(s)” when they are dealing with ongoing medical issues from the pregnancy. Examples of pregnancy-related conditions include, but are not limited to, chronic migraines, depression, fatigue, gastroesophageal reflux disease (GERD), gestational diabetes, persistent morning sickness, severe pelvic bone and/or back pain, and urinary tract or bladder infections. For a list of common pregnancy-related conditions that may necessitate reasonable modifications, go to <https://thepregnantscholar.org/wp-content/uploads/Conditions-Accommodations.pdf>.

Modification: An alteration of environment, curriculum format, or equipment that allows a student who is pregnant and/or experiencing a pregnancy-related condition(s) to gain access to content and/or complete assigned tasks. Modifications allow these students to pursue a regular course of study. Modifications do not alter what is being taught.

Parental Status: In accordance with [Title IX](#), “parental status” means the status of a person who, with respect to another person who is under the age of 18 or who is 18 or older but is incapable of self-care because of physical or mental disability is:

1. A biological parent;
2. An adoptive parent;
3. A foster parent;
4. A stepparent;
5. A legal custodian or guardian;
6. In loco parentis with respect to such a person; or
7. Actively seeking legal custody, guardianship, visitation, or adoption of such a person.

Parenting Student: In accordance with the [Texas Education Code Section 51.982](#) and [Section 51.983](#), “parenting student” means a student enrolled at an institution of higher education who is the parent or legal guardian of a child under 18 years of age. Parenting status includes, but is not limited to, adoptive parents, birth parents, foster parents, separated/divorced parents, etc., and neither state nor federal laws require the parent to be living with their child. Additionally, parenting status applies to both partners, regardless of sex; therefore, the non-birthing partner is also protected by both state and federal laws.

Pregnancy or Related Conditions: In accordance with [Title IX](#), “pregnancy or related conditions” means:

1. Pregnancy, childbirth, loss of pregnancy, or lactation;
2. Medical conditions related to pregnancy, childbirth, loss of pregnancy, or lactation; or
3. Recovery from pregnancy, childbirth, loss of pregnancy, lactation, or related medical conditions.

Pregnant: In accordance with the [Texas Health and Safety Code, Section 170A.001](#), “‘Pregnant’ means the female human reproductive condition of having a living unborn child within the female’s body during the entire embryonic and fetal stages of the unborn child’s development from fertilization until birth.”

Are There Lactation Rooms on Campus?

Yes. Collin College is required to provide a lactation space, which must be a space other than a bathroom that is clean, shielded from view, free from intrusion by others, and may be used by a student for expressing breast milk or breastfeeding as needed. Each campus has at least one (1) designated lactation room. The table on p. 3 contains information regarding the locations of each campus lactation room and how to access these spaces.

Are Students Allowed to Use Wireless Breast Pumps in Class?

Yes. These devices are considered medical devices and are regulated by the U.S. Food and Drug Administration (FDA). Wireless breast pumps do not create an excessive amount of noise that would be considered a classroom disruption, and do not cause a risk of exposing the breasts when used correctly. Additionally, students are not required to register with the Title IX Office or receive approved modifications prior to using wireless breast pumps in class.

Are Students Allowed to Bring Their Children to Class?

No. Collin College Board Policy [GD \(LOCAL\)](#) states, “Students may not bring children to orientations, classes, labs, testing centers, or other academic programs. The parent or guardian who violates this policy will be interrupted from his or her campus activity and be required to supervise the child or make other suitable arrangements.” Therefore, bringing children to class is a violation of this policy as well as the [Student Code of Conduct](#). Any student who brings their child to class will be referred to the Student Conduct Office for appropriate disciplinary action. Additionally, the Collin College Police Department will be immediately notified of any unattended children on campus.

Does Collin College Have Any Services or Programs to Support Students' Academic Success?

Academic Planning Coach Program

The Academic Planning Coach Program supports traditionally underserved First-Time-in-College (FTIC) students by connecting them with essential campus resources to help them achieve their academic and career goals. Participants are paired with a staff or faculty member who guides them through key aspects of college success. The program helps students explore Collin College's resources, strengthen their networks, and build confidence. It also helps them in identifying and articulating academic and career goals while staying on track with academic planning, course registration, degree requirements, graduation and transfer planning, and other topics relevant to first-year success.
